Peerless Orchestra

May Organize Today

The Agricultural Society of this county will hold a meeting next Saturday evening at the Board of Trade rooms to decide definitely upon the creation of a draft union here, as was proposed several days ago.

A Committee

The Capital Journal reported Mr. Cook, of Portland, as voting against Yamhill county, which is an error, as he voted against indefinite postponement. This is an important matter, as the creation of Yamhill county was an historical incident, and no man who has a chance to figure in future political history of Oregon wanted to have his name connected with that measure. It will be voted from again.

Generalized the Demands

Judge Gellman generalized the demands in the suit of Yamhill vs. Clatsop yesterday afternoon. W. C. Winslow, as administrator of the estate of J. A. Bartholomew, who is accused of certain acts alleged to have been inflicted by W. A. Bartholomew. Yamhill claims Bartholomew has received sums in connection with the estate which have not been turned over to the administrator.

Through Trains Abandoned

All overland trains south of Astoria were cut off yesterday afternoon owing to tracks and bridges being washed out, and the road being in a dangerous condition, caused from the snow melting in the mountains and flooding the streams around Redding, Shasta and Tees in Northern California. The sale of tickets on overland trains will not be resumed until further notice.

Church Social

Social at First Presbyterian church. A social will be given in the parsonage of the Presbyterian church, Friday evening at 8 o'clock. Under the auspices of the Ladies' Aid, to which the members of the church, especially the men, members and their friends are invited. There will be a good program and refreshments served afterward.

Will Try It Once

T. A. Linsley & Co. have filed an undertaking of appeal from the judgment against them in the Krebs vs. Linsley case, in the sum of \$100,000, with the United States Piggery and Game Company as trustee.

Takes an Appeal

Julia G. Taylor has also filed an undertaking of appeal to the supreme court from the judgment given against her in the suit of S. E. Peck, who brought the suit against Taylor for non-performance of a building contract. The American Surety Company is on his bonds.

A Musical Thrill

Chief of Police Gibson received word this morning from Sheriff Brown of Eugene that a Eugene music store was robbed. Two nights and several high-priced musical instruments stolen. The instruments can be readily identified if recovered. Two guitars, a mandolin, talking machine and four radios were among the articles stolen.

Will Not Answer

J. D. Denner was the only defendant in the city jail last night out of several other "vagabonds" picked up by the police. Denner was picked up by the night police on the charge of beggary. When searched he had smoking tobacco in plenty, but outside of this, he was a total bankrupt. The officers thought it advisable to hold him for a few days, as the hope was that some one knowing of his whereabouts would come looking for him, and so find him at home.

A Little Something

George Anderson John H. McNary was in Albany yesterday attending the preliminary trial of Charles Powell, charged with shooting Homer Morgan near Roseburg. Powell waived examination before Justice Bent of Albany, on the charge of murder in the first degree, and was held for the grand jury without bail.

What About Some Dogs?

The injunction suit brought by Times against the City of Mt. Angel is probably aumping waste and other material in a ditch running past her house is that city has been enjoined by Judge Galloway, on the ground that the ditch was an open ditch, and not a running stream. Burton & Scott appeared in behalf of the plaintiff.

Addition to Library

The Salem Library Association is now constructing another addition to its plant here, in order to have more space for their books. The addition is of brick and cost, and is to be fireproof. It will be used principally as a wood-house, to relieve the congested conditions of the former building for wading trees. The old wading room will be converted into a reading room. The construction is being carried out satisfactorily, so that about another story may be required the walls will support it.

WHEAT MARKET STILL STRONG

(United Press Leased Wire.) Chicago, Feb. 4.—There was a sharp rise in the wheat market advances were made in other options in the wheat market here today. The dip in the bar was generally reversed toward the close.

Shares were inclined to be very nervous around the opening of the wheat market today and went the bar down to 135 1/2 compared with the previous close at 136 1/2, as the opening July was 1/2 cent higher at 136 1/2, and September the same sum at 136 1/2.

It was the showing of strength which brought back the price of May to about the right closing. December opened 1/2 to 1/4 above, and closed with a gain ranging from 1/2 to 1/4.

Argentina shipments for the week are estimated at 2,200,000 bushels of wheat and 200,000 bushels of corn. Australian shipments of wheat for the same period are estimated at 2,000,000 bushels compared with 2,000,000 bushels a year ago.

Minnesota wheat stocks show a decrease of 10,000 bushels for the week.

Primary receipts in bushels: Wheat today 431,000; year ago 422,000.

Corn today 153,000; year ago 160,000.

Shipments:

Wheat today 143,000; year ago 140,000.

Corn today 436,000; year ago 429,000.

BILL WILL STOP TRACK GAMBLING

(United Press Leased Wire.) Sacramento, Calif., Feb. 4.—Final

vote on the Walker-Hearst anti-track gambling bill comes up in the senate this afternoon by a special order of business. It is expected that the bill will be passed by a unanimous vote of three to one. Senate action will probably be taken to the opponents of the measure, but this would only delay its passage a few days.

LOCAL OPTION AHEAD IN WASHINGTON

(United Press Leased Wire.) Olympia, Wash., Feb. 4.—The local option bill of the anti-alcohol League won a victory in the house this morning, when Palmer's local option bill was turned down by a vote of 26 to 13.

The house judiciary committee, to whom had been referred all the local option bills, made three reports this morning. The majority report favored by eight members sent back the Paulin-McMaster's bill without a recommendation. Palmer's bill, which excludes incorporated towns and cities from the county unit plan, came back with a recommendation for passage signed by five members.

The remaining two wanted a bill which would exclude cities of the first class only from the county unit plan. Palmer attempted to have the minority report adopted, which would have meant the death of the Paulin-McMaster's bill, but it was defeated by a large majority.

And They Paid for It

County Clerk Allen got busy with his marriage book again today and issued permits as follows: M. W. Small, 26, of Marion, to Ada Whitehead, 17, of Turner. LaRonda M. Pierce, 14, and Otto L. Riddell, 27, both parties being residents of Marion.

ADDITIONAL PERSONALS

Wm. Steushoff went to Portland this afternoon on a short business trip.

Mrs. Isabelle Grayson, of Oregon City, arrived here today and will attend Willamette university.

Mr. and Mrs. N. O. Holmes, of Silverton, are in the city.

Mrs. E. Kneves went to Albany this morning on a short business trip.

Mrs. A. Stimpert returned to her home in Stayton today after visiting her daughter at the blind school.

Mrs. J. C. Sengenbach and son were passengers to Jefferson today where they will visit Mrs. Sengenbach's mother, Mrs. W. M. Hale.

F. A. Steuernagel stopped off here today on his way home to Jefferson after a trip to Portland.

W. M. Stever, National Cash Register agent for the Pacific Coast, was a passenger south this morning.

ROAD DISTRICT 25 SAYS WHAT IT MEANS

One of the most peculiarly worded documents ever coming before the attention of the county court has been handed in by taxpayers and property holders of road district No. 25, in the way of a remonstrance, asking the county commissioners to dismiss the present supervisor of that district, G. J. H. Fyfe, and appoint in his place Geo. Albee.

In looking over the request, the commissioners found that the remonstrators did not only remonstrate, but demanded that their desire be granted. The petition read: "We, the undersigned taxpayers and property holders of road district No. 25 demand that G. J. H. Fyfe be removed, etc." The document contained only 12 signatures out of the 175 population of that district.

Heretofore it has always been the custom of the county commissioners to handle these matters according to their best judgment, but after reading the "remonstrance" from the No. 25 people, they are not sure whether they will be permitted to use their own judgment or not. The paper has been taken under consideration, however, and the taxpayers and property holders of district No. 25 will be given an answer in a short time.

OKLAHOMA ALSO GETS AFTER TEDDY

Oklahoma, Okla., Feb. 4.—Accusing President Roosevelt and Editor William Randolph Hearst with conspiracy to defeat Governor Charles N. Haskell, of Oklahoma, a resolution was today introduced in the legislature, but action on it was deferred until tomorrow.

The resolution says the indictment voted against Governor Haskell yesterday in connection with the Muskogee townsite land fraud investigation was indirectly inspired by the President and Hearst as the result of bad feeling growing out of the presidential campaign of last November.

Senator Hodge objected to any consideration of the resolution which was introduced by Senator D. M. Smith. The indictment of the governor has aroused bitter feeling in administration circles here. Governor Haskell will determine later whether or not he will go to Muskogee in person. It is said that arrangements are already being made there for him to enter his appearance.
